Experience:

Frontend Development

- Most of my work is on frontend development.
- I've built some projects for my practice and for university work.

Backend Development

- Alongside, I'm also working on backend, both practicing and learning.
- I will put in my full effort and hard work to become a full-stack developer.

AI

- Along with web development, I'm also working on AI.
- I've utilized certain tools for my university projects, and I'm currently practicing and learning additional tools.

Frontend

Backend

AI
